

# XCITYX

## THE BOUNCE REVOLUTION

Reach new heights with the biggest trampoline we've ever made!

# XCITYX

## Innovative Design Meets Exceptional Bounce Performance

The trampoline revolutionized for unparalleled bounce performance. The **AkroVENT® SPORT+ jumping mat** combined with high performance springs and heavy duty frame is the choice for those who demand the best.

## Push Your Limits

Experience next level airflow with our specially engineered jumping mat. With a 70% open structure allowing for **minimal Air Resistance** through the mat, **the AkroVENT® Sport+** will have you jumping better, moother and higher than ever before.

## The Heartbeat

The secret behind the exceptional bounce lies in the perfect synergy of the **High Performance double conical (hot dipped) springs** and the **heavy duty frame**. The powder coated steel frame redefines structural stability, while our innovative high performance springs will catapult you to new heights, for better and more controlled jumps.

## Where Bounce Meets Safety

Whilst exceptional bounce performance is the key feature of this trampoline, we pride ourselves on safety. XCITYX is equipped with a **spring protection flap** to prevent foot injuries and **extra thick inclined padding** to dampen your falls. Safety meets bounce, making XCITYX the perfect choice for families and thrill-seekers alike.

# XCITYX

## TOP DESIGN

Akrobat XCITYX trampoline is meticulously crafted with a captivating dual-level multicolor padding design, adorned with vibrant printed graphics for an unforgettable bounce adventure.

## MAXIMUM SAFETY

Akrobat Trampolines are more than just great design! All of our trampolines are made of high quality and durable materials which guarantees maximum safety for every jump.

Our new two level padding design offers great safety features combining extra thick padding with angled edges to provide a softer and safer landing and assist in directing jumpers back to the centre of the jumping area.

## EXCEPTIONAL BOUNCE

The superior bounce performance of the Akrobat XCITYX trampoline is achieved through the perfect combination of the innovative AkroVENT® SPORT+ jumping mat with maximum air flow, high-performance springs and a 250kg strong steel construction, resulting in higher, smoother, safer jumps, that will withstand even the wildest jumpers.

## XXXL EXTRA LARGE DIMENSIONS

XCITYX is the largest garden trampoline in the market.

## ORIGINAL AKROBAT TECHNOLOGY MADE IN EUROPE

Crafted from over two decades of trampoline production expertise, our Akrobat XCITYX trampoline embodies our dedication to innovation and unrivaled craftsmanship, fueled by the invaluable knowledge of our industry-leading brand.
